

January 15, 2021

Dear Associates and Sisters,

Jean Morgan, 89 years young, passed away on December 27, 2020. Even though Jean had been retired for many years when she became an Associate, she was active in Community events and developed a lasting relationship with her contact, Sister Noella Poinsette.

Jean and her husband Eugene raised six children in Delhi Hills, Cincinnati, OH. She received her nursing degree in 1952 and worked part-time at St. George Hospital and in the infirmary for the Sisters of Charity in Delhi.

She was as busy during her retirement as she was when she was working. Her time was divided between St. Francis/St. George Eye Clinic, Hoxworth Blood Center and traveling with her sister Pat. She enjoyed sewing, quilting, and crocheting, frequently gifting others with her handmade items. Jean also crafted beaded jewelry and donated it to the gift shop at the Oldenburg Franciscan Center.

Jean met Sister Noella for lunch several times a year and they would join other Associates and Sisters in Cincinnati at Sister Davida Lund's apartment for dinner and to play Euchre. Although she added humor and wit to her Associate relationship, her serious relationship with God was also apparent. A faithful woman, she was a devout Catholic, attending daily mass always remembering the Associates and Community in her prayers.

She took the teachings of Saints Francis and Clare to heart, and as she wrote in her commitment statement they were shadows underlying all of her ministries. May the peace she often prayed for through the prayer of St. Francis be hers now for all eternity.

Sincerely,

Carolyn Meyer
